LODGING OPTIONS BEYOND HYATT REGENCY

Only a few available sleeping rooms remain at the Hyatt. The room block has been monitored and additional rooms added on three different occasions. The Hyatt will not allow us to add any more at the special \$129 rate. Once the contracted number of sleeping rooms are gone from the CGSI's Room Block any future availability at the \$129 rate will occur only with a cancellation of an existing reservation.

Furthermore, after October 1, the hotel's special room rate of \$129 is void.

When all room nights are gone or certain nights within the block are gone, you have the option of paying a higher rate at the Hyatt, or staying at one of the many other hotels in the area.
